Directions:

Fill in the level and unit in the blanks provided. Fill in the lesson numbers for the unit in the blocks provided. Use the first half of the column under each block to record the score for the pretest, and the second half of the column to record the score for the posttest. To record the score, begin at the bottom of the column and color the blanks to show the number of words spelled correctly. Use one color for pretests, another color for post tests, and another color for your unit review test.
